

V401 Weir Type Diaphragm Valves

V401 Weir Type diaphragm valves are available as BS5156 short and DIN3202-F1 long face to face in a wide range of body and lining materials to meet the customers requirements.

Flanged End Weir Type Diaphragm Valve

Pneumatic Act. Op. Weir Type Diaphragm Valve

ISO5211 Direct Mount Pad PVC Ball Valve

Material List

Part Name	Available Materials
Body/Bonnet	GG25 CI
	GGG40 DI
	WCB Steel
	ASI304 SS
Diaphragm	ASI316 SS
	EPDM
	NBR
	Butyl
	Viton
	Silicone
	PTFE

Optional Features,

- Threaded End Connection
- Pneumatic Actuator Operated
- Locable Rising Hand Wheel
